## NAGK (phospho-Ser74) rabbit pAb

| Catalog No                | YP-Ab-10431                                                                                                                       |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Isotype                   | lgG                                                                                                                               |
| Reactivity                | Human;Mouse;Rat                                                                                                                   |
| Applications              | WB; ELISA                                                                                                                         |
| Gene Name                 | NAGK                                                                                                                              |
| Protein Name              | NAGK (phospho-Ser74)                                                                                                              |
| Immunogen                 | Synthesized peptide derived from human NAGK (phospho-Ser74)                                                                       |
| Specificity               | This antibody detects endogenous levels of Human,Mouse,Rat NAGK<br>(phospho-Ser74)                                                |
| Formulation               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                           |
| Source                    | Polyclonal, Rabbit,IgG                                                                                                            |
| Purification              | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                         |
| Dilution                  | WB 1:1000-2000 ELISA 1:5000-20000                                                                                                 |
| Concentration             | 1 mg/ml                                                                                                                           |
| Purity                    | ≥90%                                                                                                                              |
| Storage Stability         | -20°C/1 year                                                                                                                      |
| Synonyms                  | N-acetyl-D-glucosamine kinase (N-acetylglucosamine kinase;EC<br>2.7.1.59;GlcNAc kinase)                                           |
| Observed Band             |                                                                                                                                   |
| Cell Pathway              |                                                                                                                                   |
| Tissue Specificity        | Ubiquitous.                                                                                                                       |
| Function                  |                                                                                                                                   |
| Background                |                                                                                                                                   |
| matters needing attention | Avoid repeated freezing and thawing!                                                                                              |
| Usage suggestions         | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel. |
|                           |                                                                                                                                   |
